Fleet® Enemas are **LATEX FREE**. Allergic reaction to materials containing Latex is a growing and serious medical problem.

© C.B. Fleet Company, Inc. 2010 The package design is a trademark of C.B. Fleet Company, Inc. Comfortip® and Easy Squeeze® are registered trademarks of C.B. Fleet Investment Corporation. C.B. FLEET CO., INC. Lynchburg, VA 24502 U.S.A.

CAUTION:
REMOVE ORANGE PROTECTIVE SHIELD FROM ENEMA COMFORTIP® BEFORE INSERTING.

How to use this enema:

- REMOVE ORANGE PROTECTIVE SHIELD FROM ENEMA COMFORTIP® BEFORE INSERTING.

- With steady pressure, gently insert enema tip into rectum with a slight side-to-side movement, with tip pointing toward navel. Insertion may be easier if person receiving enema bears down, as if having a bowel movement. This helps relax the muscles around the anus.
- **DO NOT FORCE THE ENEMA TIP INTO RECTUM AS THIS CAN CAUSE INJURY.**
- Squeeze bottle until nearly all liquid is gone. It is not necessary to empty the bottle completely, as it contains more liquid than needed.
- Remove Comfortip® from rectum and maintain position until urge to evacuate is strong (usually 1 to 5 minutes). Do not retain enema solution for more than 10 minutes.

Positions for using this enema:

- **Left-side position:** Lie on left side with knee bent, and arms resting comfortably.

- **Knee-chest position:** Kneel, then lower head and chest forward until left side of face is resting on surface with left arm folded comfortably.

Complete enema in a disposable squeeze bottle with soft, pre-lubricated Comfortip®

Use this carton for discarding enema after use.

Drug Facts

Active ingredients (in each 118-mL delivered dose) Purpose
 Monobasic sodium phosphate 19 g. Saline laxative
 Dibasic sodium phosphate 7g. Saline laxative

Use for relief of occasional constipation

Warnings

For rectal use only
